PARTNERSHIP PROGRAM

PADEL
WORLD
SUMMIT

We offer you **4 Partnership options** to obtain the most benefits from connecting your brand and leadership to the most important Event in the industry.

Privileged space in the partner zone of the exhibition

You will have one of the exclusive spaces in the Partner zone of the Expo, ensuring the highest visibility and visitor traffic to your stand.

Roadshows

Link your brand and be part of the presentations which will be shown all over the world by sharing our Event.

Padel World Summit Awards

Participate in the award ceremony of the Padel World Summit by inviting clients and members of your company.

Invitations to the congress for your best clients and prospect

As a Partner, you will have the chance to offer a unique treatment by inviting your clients and prospects to high-level presentations which will help them establish the future strategy of their companies.

Brand impact

We will maximize your brand image by linking it to a large number of online and offline communication elements before, during, and after the Event. Your logo will be highlighted on the homepage, newsletters, blogs, social networks, apps, and many more. These are just some of the brand impacts you will receive.

The interpretation and compliance with these Conditions and compliance with these General Conditions of Participation for Exhibitors corresponds to the Hall Management. The Hall Management will directly address everything related to the application of these rules and will supervise the organization of the halls, events, and coinciding activities.

Article 2 Objective of the Event and exhibition industries

PWS 2024 is a congress and professional event designed to be an exhibition and networking space to showcase the latest innovations and technology for professionals in the padel industry.

The exhibiting companies will be linked to the following industries:

A. MANUFACTURERS

1. Courts
2. Padel rackets
3. Textile
4. Shoes
5. Balls

B. SUPPLIES/COMPONENTS AND ACCESSORIES

6. Materials
7. Components
8. Lighting
9. Product
10. Technical services
11. Juridical services

12. Regulations

C. COMMUNICATION AND DISTRIBUTION

13. Department Stores
14. Specialist Retailers
15. Clubs
16. Media
17. Marketing Agencies
18. Event agencies

D. FINAL PRODUCT AND SERVICES

19. Sport equipment
20. Sport practice
21. Health and wellness

E. FEDERATIONS AND CLUBS

22. National Federations and Clubs
23. International Federations and Clubs

Article 3 Limitations to exhibit - Admission

3.1 Exhibit Limitations

Only manufacturing companies, agents, representatives of new products, (not used or reconditioned) services, and solutions represented in the industries detailed in the Participation Contract in these General Conditions of Participation will be accepted as Exhibitors.

3.2 Admission

Any company from any country may participate in PWS 2024 provided their activities relates to the objectives of the event and participates under any of the aforementioned industries. (Partner or Exhibitor) (hereinafter “Exhibitors”) Admission to the event requires the acceptance and signing of the participation contract (hereinafter “Participation Contract”) and the approval by the Organizer. The location of the space will be determined with regard to the contracted participation model, the assigned area, the available space, the exhibiting products/services, and the date of receipt of the participation request.

The admission of Exhibitors who hold an outstanding debt with the Organizer or are in a situation of being insolvent or are determined to be entering bankruptcy will be denied. Likewise, the Organizer reserves the right to reject or revoke admission to the event and any application of participation as it deems appropriate without providing justification for its decisions. Non-acceptance or cancellation

of admission will not imply any reimbursement to the Exhibitor. Participation in one or more previous editions of the event will not imply any automatic right for participation in subsequent events.

Exhibitors must attend to their stand during the opening hours of the event and may not start disassembling until the end of the event on the final day. The Organizer reserves the right to close the stand of the Exhibitor that does not meet the standards of these General Terms & Conditions of Participation.

The Organizer will supervise all requests for admission and will visit the stands as it deems appropriate to verify the products/solutions exhibited as new products (not used or reconditioned) and comply with the PWS 2024 philosophy.

The products and/or their advertising material that by the discretion of said commission do not meet the given requirements or those included in these General Participation Conditions will not be admitted and will be withdrawn from PWS 2024.

Article 4 Participation Fees

The participation fees applied by the Organizer will be those indicated in the participation documentation for the 2024 edition. These fees will apply to the space occupied by said exhibiting company.

4.1 Participation Model Fees:

Elements covered are as follows:

All the benefits included and detailed in their category of the Participation includes file management, event promotion, roadshows, study and research activities, assistance technique to the Exhibitor during assembly and celebration, the general security of the pavilions, fire prevention measures, and inclusion in the online Exhibitors catalog on the event’s website and app.

Each Exhibitor will be assigned a number of passes in accordance to the contracted participation and will have the option of contracting additional passes to be used exclusively by the personnel in charge of the stand at the price established by the Organizer. Basic cleaning of the premises, including floors in corridors and damage insurance and civil liability are as detailed in Article 19.

4.2 Co-Exhibitor Participation Fee:

A request to participate as a Co-Exhibitor must be processed for companies who share space with an Exhibitor. A fee of 300€ + VAT will be applied. This fee includes the co-exhibiting company in the on-

line catalog, app, and in the visitor’s guide in addition to the benefits indicated in the Participation Contract as Co-Exhibitor.

Article 5
Participation Contract and Terms of Payment

5.1 Participation Contract:

The contract must be completed and signed physically or electronically, indicate the desired contracted participation model, and be sent by email to the Organizer no later than April 10, 2024. The Participation Contract must not contain reservations or conditions of any kind by the Exhibitor. In the event in that the Participation Contract is received after the indicated deadline, it will be included in the waiting list. In the event of a space becoming available, the Exhibitor will be aware of the possibility of exclusion of data in every element of communication that are closed and/or in production.

5.2 Conditions of Payment:

The submission of the Participation Contract will entail the payment of the corresponding invoice calculated by the following criteria:

•1st Payment: 50% of the total cost of the Participation Option contracted, upon receipt of the invoice by the Organizer, due within 10 days by the issuance of the invoice.

•2nd Payment: The remaining 50% of the Participation Option contracted plus possible additional services upon the allocation of the final space and upon receipt of the invoice by the Organizer, due within 10 days from the issuance of the invoice.

As of April 10, 2024, 100% of the Participation Option contracted must be paid upon submission of the contract and receipt of the invoice by the Organizer.

The additional products or services contracted must be paid before the start of assembly of the event prior to **May 10, 2024**.

If the established payment conditions are not met, the Organizer may offer the reserved space to any other requesting company. The confirmation of the first payment by the exhibiting company does not constitute acceptance of the Participation Contract by the Organizer.

In the event of rejection by the Organizer, the amount paid by the Exhibitor will be refunded and the right of the Exhibitor to claim any financial compensation for damages will be revoked. The Organizer may not accept the Exhibitors in the event that the signing and delivery of the Participa-

pation Contract is not attached to the payment of the first invoice according to the Conditions of Participation.

Approval to start the assembly of the stand by Exhibitors with outstanding balances with the Organizer will be revoked.

The amount of the additional services requested during the event and any pending payment amount must be completed by the Exhibitor before the start of the disassembly period. This is an essential requirement in order to obtain permission from the Organizer to remove the exhibited material.

5.3 Forms of Payment:

All payments regarding the Participation modalities must be made to the attention of CIP – PWS 2024 by bank transfer to the following account:

BANC SABADELL

IBAN: **ES57 00810168 9500 0189 8899**

BIC: **BSABESBB**

Important notice: Indication of your customer number and invoice number on the transfer is required to ensure your payment is recorded correctly.

Article 6
Cancellation of Participation:

The Exhibitor may cancel their participation by notifying the Organizer by means of a certified letter (prior to communication by email) under the following conditions:

• **Prior to January 15, 2024:** The Organizer will have the right to retain 50% of the Participation Option contracted as compensation, allocating half to compensate the expenses caused by the cancellation and as an act of goodwill. The other half will be used as a deposit in the case of participating in the next rendition of the event.

• **After January 15, 2024:** In the case of notification of the cancellation of their participation after said term, (or by improper communication) the Exhibitor will be obliged to pay 100% of the total cost of the Option of Participation and all the costs of the services requested and/or carried out, all the taxes paid on behalf of the Exhibitor, as well as damages that the Organizer and/or the event may suffer due to cancellation. As compensation, the Organizer will allocate half of the total sum to compensate the expenses caused by the cancellation and as a sign of goodwill. The other half will be allocated as a deposit in the case of a desire to participate in the next edition of the event.

In both cases, the Organizer reserves the right to assign its space to another Exhibitor without prejudice or limitation of their right to request the compensation as described above.

Article 7
New law applying VAT to Foreign Exhibitors

7.1 As of January 1, 2011

In accordance with the Legislative Decree No. 18/2010 in Participation Contract of the EU directive no. 8/2008, the new rules for the location of services will be applied so that services performed between companies (with the exclusion of non-commercial companies such as private individuals) related to participation in fairs and all services considered accessories will be taxed at the addressee’s headquarters. In order to identify the client, before issuing the invoice, it is essential to receive the CIF / Tax ID Number in the participation contract or else the invoices will be required to be issued with Spanish VAT.

7.2 VAT refund:

All foreign Exhibitors interested in requesting a refund of the Value Added Tax from a non- resident of the territory of application of said tax must mandatorily designate a tax representative in Spain to complete all the procedures before the organization or office of tax authorities as follows:

Special Delegation of the Madrid Tax Administration Agency

Special Regimes Section

C/ Guzmán el Bueno, nº 139 28071 Madrid

Tel: +34 915 826 767 / 915 826 739 / 915 826 608

Fax: 34 915 826 757

If the company does not have a tax representative, it should consult with specialist companies or the pertinent body in its country of origin. (Chamber of commerce, tax authorities, etc.)

Article 8
Notification of Space Allocation

The allocation of space will be made during the month of May 2023. The criteria for the allocation of space is as follows:

Participation Contract reception date

Priority order for the presentation of awards will be given by the Exhibitor who has contracted a

stand or additional sponsorship options with the Organizer.

The PWS 2024 management team will inform the Exhibitors by email of the beginning and development of the allocation of spaces. The Organizer will not be responsible if the email is not received by the Exhibitor.

The allocation of space in a previous rendition does not entail any right to obtain the same space and location for the following editions.

The Exhibitor is obliged to respect the size of the assigned space. No commercial action may take place beyond the perimeters of the assigned exhibition space, nor may the corridors or common areas be used in order to avoid interfering with the activity of other stands and Exhibitors. The Organizer reserves the right to modify the location of the space, even as is already assigned, or to change the measurements as may be necessary due to technical and/or organizational reasons and will not imply any type of reimbursement for damages for the Exhibitor. The exchange, transfer, or sale of the space contracted by the Exhibitor to a third party is strictly prohibited. Refer to

Article 4.2 regarding the co-Exhibitors fee as the sole option to share the exhibition space with other companies.

Article 9
Assembly and Disassembly

9.1 Dates, times, and Assembly and Disassembly access:

Assembly:

May 19, 2024, between 8:30 and 21:30.

Celebration:

May 21, 22, and 23, 2024, between 10:00 and 18:00.

All stands included in the participation packs provided by the Organizer will be delivered on May 17 starting at 8:30.

Disassembly:

May 24, 2024, between 8:30 and 21:30.

The Organizer reserves the right to modify the opening hours and dates of the event at its sole discretion.

Goods entry accesses: **loading and unloading entrances**

In no case will vehicle access be allowed inside the pavilion. All merchandise and material must be transported by forklifts or electric forklifts contracted directly with FYCMA.

The Organization will indicate in individual cases the guidelines to regulate the approach of vehicles in the exhibition area, as well as limit their admission time before, during, and after the event.

ALL vehicles must be removed from said areas as a public road except for loading and unloading hours. The owner of the vehicle is solely and exclusively responsible for the possible sanctions imposed by the competent authority.

Withdrawal of goods on the last day of the event:

May 24, 2024. No vehicles may be allowed inside the pavilion. For security reasons, the doors of the loading docks will remain shut until every visitor has left the fairgrounds.

The removal of all decorative and advertising elements (roll ups, vinyls, posters, etc.) as well as the Exhibitor's own lighting equipment on the given day is mandatory. The Organization is not responsible for any damages committed during the removal of said elements.

The Exhibitor is responsible for informing the companies and/or people contracted about the content of the provisions of these Rules of Participation in order to carry out the work of loading and unloading merchandise as well as transport.

9.2 Electricity:

Stand Packs or Contracted to the Organizer:

The Stands contracted to the Organizer or included within the participation packs includes the costs of connection, the electrical panel, and consumption indicated by the Participation Kit. Additional expansion must be contracted.

Free design Stands:

Only FYCMA is authorized to provide the electrical boxes for the chest outlet. The client must hire FYCMA for an electrical panel and pay the electricity corresponding to its power.

Power equal to or greater than 50 kw entails an electrical project. Presentation of an electrical project to the Technical Office of the Organization and FYCMA is required and must be signed by a competent technical engineer.

The calculation of the necessary power for their stand based on the elements that they must connect, as well as the request for the necessary voltage, **(400V or 230V)** is the responsibility of the Exhibitor.

The electrical supply of the FYCMA service boxes is **400V between phases and 230V between phases and neutral**. The request for higher power will entail the costs of the desired increase of the necessary power as will be carried out under budget.

The various protections of the primary power and

lighting circuits is **30mA**. This is not of the super immunized variety.

It is the responsibility of the Exhibitor/assembler/electrician to notify how they are to connect their box to those provided by FYCMA.

In the event that the assembler/electrician brings their own panel, it is compulsory to connect it to the panel requested by the Exhibitor and supplied by FYCMA. For more information on how to make this connection, communication with FYCMA is recommended.

FYCMA is able to supply electricity only from the boxes on the floor of the pavilion.

The Exhibitors accept the passage through the assigned spaces of electrical installations to supply services to other stands.

9.3 Water:

Water may only be supplied to stands that have a chest within the provided space. The Exhibitor is responsible for the placing of the platform to hide. If the stand has a platform, the Organization must be notified in advance of the date and time scheduled for assembly. If this information is not provided, The Organizer will not be responsible for providing the requested service and the amount paid will not be paid. The water and drain pipe is included in the water installation supply. The connection to a foreign element is not included in the water installation supply.

The confirmation of the connection of the material to the facilities provided by FYCMA is the responsibility of the Exhibitor/assembler.

9.4 Telephone and Internet

FYCMA must be notified a week in advance, indicating the day and time scheduled for assembly, when the stand bears a platform.

9.5 During the assembly and disassembly tasks and in general

During the days of celebration of the hall, it remains totally forbidden to leave materials in the space.

Other Exhibitors or in corridors and common areas must be left free for traffic of people and materials.

9.6 Valuable products and materials must be removed at the end of the event.

Theft or robber is not included in the compulsory insurance.

9.7 Storage inside the pavilion is forbidden.

For this service, it is recommended to consult **the corresponding section at FYCMA**.

9.8 Waste removal, assembly, and exhibition materials:

Exhibitors and companies contracted and/or sub-contracted to carry out the assembly and/or disassembly of stands are obliged to assemble, disassemble, and remove the decoration and exhibition assembly materials used in the periods of time established as so. Once the deadlines established for the departure of merchandise and decoration material as elapsed, such as those specifically established for the disassembly of the stand, all materials that remain in the exhibition areas of the pavilion will be considered waste and will be removed by FYCMA and the Exhibitor loses all rights to claim loss or damage. Likewise the Exhibitor or its assembly company will be responsible for the expenses related to its removal in accordance with the rates established in the Rates Table for every square meter awarded at a rate of 50€/m2 and the Exhibitor will be invoiced by the Organization.

9.9 Compressed air

FYCMA does not supply fixed compressed air installation. If necessary, a service will be quoted to the Exhibitor who requires as such or will be authorized to use compressors following the rules provided:

•**Compressors:** Compressors must be located outside the pavilion whenever possible. Compressors located within the pavilion must be located inside the stand itself. Efforts must be made to ensure power does not exceed **3cV** and must adapt to the necessary isolation and protection measures to avoid and eliminate noises that surpass **60 dB**.

•**Bottles:** A single bottle up to **14Kg** will be permitted. This bottle must be tilted on the ground with its head resting on the support to ensure that the key is at the top. Empty containers must not be kept or stored on the stand. In such case, the regulations in force for Pressure Vessels, Pressure Appliances, and complementary instructions that apply must be respected.

Article 10 Stand Construction Guidelines

Exhibitors who hold outstanding balances on their participation will not be permitted to start the assembly of their stands. Defects or deficiencies discovered as the Exhibitor takes possession of the exhibition space must be notified at the Exhibitor Service desk in the hall's management. In order to access the fairgrounds, Exhibitors must follow the **instructions given at FYCMA**, which contains all the details regarding the operational requirements for the construction of stands. The Exhibitor

will be responsible for the full costs derived from the assembly and must follow the General Conditions of Participation of the event and the General Rules of Participation Indicated by FYCMA. Likewise the stand design project must be submitted beforehand to the Organizer's technical office for approval. The Exhibitor must agree to set up and equip the entire assigned exhibition space with their products and/or services throughout the duration of the event. All products on display must be placed in such a way that they are not considered offensive, pose a danger, nor obstruct access to the display areas.

The Organizer reserves the right to modify the assembly periods and times as it deems necessary.

The stands and included equipment within the participation kits offered by the Organizer are rented and as so must be returned in the same fashion as delivered. Under no circumstances may they be perforated, painted, or damaged in any way. Damages caused by improper treatment will be held responsible by the Exhibitor.

Altering the pavilion facilities in any way, such as painting, drilling, or fixing screws in the structural elements of the pavilion is forbidden. This includes signage, images, etc. on ceilings, walls, or columns. Decorative elements must be installed on supports assembled by the Exhibitor.

10.1 Standards of Assembly:

The maximum height allowed for the construction of the stand is

3.00 m. If the proportions of the stand allows so, this height may be exceeded up to a maximum height of **5,00 m** with prior consultation and approval by the Organizer. This includes projects with a mezzanine within the areas of the pavilions that hold unrestricted height and must leave a minimum distance of

1.00 m from the perimeter of the stand to the interior. This maximum height is applicable to the structural elements of the stand and graphics.

In the event that the Exhibitor needs to hang decoration or lighting elements from the roof of the pavilion, approval from FYCMA is required. Approval by FYCMA permits the installation by requesting the corresponding anchor point and follows current regulations regarding hanging structures/riggings and takes into account the following points:

- A maximum height of **6.50 m** is permitted for the hanging structures of lighting purposes except in instances where the areas of the height of the air conditioning tubes are obstructed, in which it will remain **5.00 m**.

· Graphical elements hung from structures must remain at a maximum height of **1.20 m** from the top. In adjoining stands, the hanging structures must be separated by **1.00 m** from the perimeter. The constructional elements of the stand must not interfere with smoke detectors or other security elements located within the pavilion on the floor, columns, or ceilings.

10.2 Approval of Constructional Projects and decoration of Free Design Stands:

Free design stands must submit their stand constructional projects to the Technical Office of the event prior to April 23, 2024.

The project must be submitted complete with plan, elevations, and perspectives delimited by email to the Technical Office of the Organizer:

padelsummit@fycma.com

The obligation to present the stand construction project does not apply to Exhibitors who have included their stand within the contracted participation model or have requested their design project through the Organizer's official assembly partner.

The Technical Office of the Organization will give feedback on the project presented and approval or requests as many modifications as are appropriate until it is deemed in compliance with the current regulations indicated by the event.

Once the project has been approved, the Exhibitor is responsible for the assembly of its stand, including the floor and perimeter walls. The upper part of the stand as well as the rear walls or those adjoining other stands must be careful and bear a professional finish.

Access to supplies and security measures must be guaranteed, even in the case of carpeting or flooring.

The non-receipt of the documentation implies the inability to start the assembly of the stand.

In the case of stands or islands on either side of a corridor by the same exhibiting company or group of companies, the union of said stands through carpeting of the same color, platform, lighting, aerial structures, or similar.

All adjoining walls with neighboring stands must not exceed the maximum height of **5.00 m** and a distance of **1.00 m**. Decorative elements may reach a maximum height of **5.00 m**.

Walls of adjoining neighboring stands must not be labeled on the side facing the neighboring stand.

The total closure of a perimeter wall is not allowed as it must remain open and accessible in **50%**. Closure of 100% of the perimeter walls will only be permitted when it does not exceed **1.25 m** in height.

In the case of perimeter walls that have a height greater than **1.25 m** in front of corridors for common use, a minimum distance of 1.50 m must be adhered to between the wall and the corridor.

Signage, flags, and spotlights may not protrude more than **50 cm** from the allocated space and from a minimum height of **6.5 m**, nor must it exceed the maximum height that appears in the Stand Construction Regulations.

Spotlights must be directed towards the interior of the stand.

Allowance for the covering of the pillars within the exhibition area may not exceed the maximum height of **5.00 m**.

Platforms with a height equal to or greater than **19.00 mm** must comply to a minimum access ramp for wheelchairs **1.20 m** wide.

If doubts persist regarding the previous stand construction regulations, consultation with the Technical Office of the event is recommended.

10.3 Assembly fee:

FYCMA will invoice each exhibiting company that builds a stand of its own design a compulsory assembly fee amount to (3.70€ + VAT per m2 corresponding to the installation and decoration of the stand.

Exhibiting companies that build a design stand must pay the current rate for the general connection and minimum electricity supply during the event and the periods of entry and exits of goods.

10.4 Double-deck stands and elevated structures

The construction of double-story stands is prohibited but for exceptions where the express authorization of the Organizer and prior presentations of the project before April 23, 2024 is permitted. In such cases of concessions, a descriptive report and a set of plans duly signed must be submitted to a competent technician and endorsed by the Association of Quantity Surveyors and Technical Architects of Catalonia. The architect must assume the direction of the work at all times.

10.5 Stand safety:

The construction of the stands, the installation of the exhibited materials, and the advertising supports must follow the necessary stability for public safety. Platforms located more than one meter from their lower level must be surrounded by a handrail with a **minimum height of 90 cm**.

The materials used for the different constructions must comply with current regulations. Among other sections of the different regulations, it is worth highlighting the fire resistance of materials such as **those used in floor covering that will be**

M3 and in the construction of walls and ceilings that will be M2. Likewise, the decorative elements used must not be flammable.

Flammable materials should not be used for the construction and installation of stands. The fabrics must be **FIREPROOF IN ORIGIN (MANUFACTURE)** and the corresponding certificates must be presented.

The use of spray guns is prohibited as well as celluloid lacquer paints to paint inside the venue. This prohibition extends to flammable liquids and the use of gas aerosols.

All work benches and manual saws for cutting wood must be equipped with corresponding tank and vacuum cleaners for the dust and sawdust that is generated. These must have protection devices in the cutting areas and in the mobile elements. **Under no circumstances may these be used inside the pavilion 36 hours prior to opening.**

The work equipment used in the assembly/disassembly must have CE markings and be in a perfect state of use.

During the welding works, the corresponding permits must be requested from FYCMA and the contours must be sufficiently protected and the applicant's own fire extinguisher must be reviewed in accordance to regulations in order to avoid possible fire outbreaks.

Vehicles with combustion engines that are exhibited require the fuel tank to be empty.

Containers made of flammable materials for waste or rubbish in the stands is not permitted. Garbage bins must be emptied into the collection containers provided every afternoon at closing time.

The storage of any type of container or packaging at the stand is forbidden.

Window edges must be polished or protected so that dangers to safety are void. Glass doors and glass construction must be marked at eye level.

The edges of organic glasses must be adequately protected to prevent fire.

No type of materials or work tools may be deposited in the corridors that could obstruct the passage during assembly and disassembly for safety reasons.

In accordance with Law 28/205 of December 26, smoking is forbidden in the Fairgrounds.

Materials must remain within the limits of the booth space. Cleaning services will remove the objects deposited in the corridors without the right of the Exhibitor to claim damages.

Under no circumstances may signal lights, fire extinguishers, fire hydrants, or other protective equipment be covered nor block emergency exits.

Materials such as decorative fabrics, impact glues, carpets, etc. must be fireproof and the corresponding certificates must be presented.

10.6 Domestic gas installations:

The use of installations involving gases is prohibited.

The installation of air conditioning units with hot air condensation inside the pavilion is prohibited.

Smoke and gas evacuation: Gases originating from exhibition materials that are harmful to health or annoyances must be evacuated outside the pavilion. Provisions must be made for mounting of an evacuation channel at the expense of the Exhibitor and in non- flammable materials. Previous consultation to the Organization for the possibility of carrying out such installations is necessary.

Article 11 Equipment and Machinery

The movement of equipment and materials is permitted as long as it does not constitute a danger or nuisance. However, all machinery must comply with current regulations and all necessary precautions must be taken to prevent accidents, poor odors, noises, and emissions of any kind. Exhibitors must comply with the regulations and laws as well as obtain the corresponding permits from the competent authorities.

The Exhibitor must consider the resistance of the ground in the entirety of the exhibition area that is **2,000 Kg/m2** and therefor the use of cranes or boom trucks within the exhibition area is not allowed. The machines must be unloaded outside the venue and delivered to the stand using tanks and hydraulic jacks.

The unloading of heavy machinery must be carried out **3 business days prior to the event** so as to not interfere with the construction of the stands.

Unloading outside the building and moving the machinery to its final position at its stand are the **exclusive tasks of the Organizer and/or Exhibitor who must inform the transport company.**

While receiving materials at your stand, a representative of your company must be present to sign the carrier's delivery note and indicate to the operators the exact position at the stand.

Article 12 Lounge Access and Passes

12.1 Visitor Passes:

Access to the pavilions and areas of the Padel World Summit is only permitted to professionals of the industry through the following methods:

- Online registration.
- By free invitation from an Exhibitor. (Partner or Exhibitor)
- Paying the rate corresponding to the selected pass.
- By onsite registration located at the main access of FYCMA.

Exhibitors have at their disposal a number of electronic invitations depending on the participation model contracted and as indicated in the Participation Kit of the event.

In compliance with the LOPD LSSICE 15/1999 and 34/2002, all personal data voluntarily provided by visitors will be incorporated into an automated file owned by the CIP – Padel World Summit. This data, including email, may be used for informative or promotional activities carried out by CIP. Likewise, this data may be transferred, with the obligation of confidentiality, to the companies or Partners that collaborate with CIP. Visitors may exercise their rights of access, rectification, cancellation, and opposition to the following email:

padelsummit@fycma.com

The Organizer reserves the right to modify the rates for passes to access the hall at its own discretion.

12.2 Exhibitor Passes:

Each Exhibitor will be given Exhibitor passes in accordance to the Participation model contracted. Exhibitor passes are personal and non-transferable and therefore are required to be requested and managed **through the corresponding section in the Exhibitor Service Office.**

12.3 Worker Passes:

It is essential for the assembly of the stand to avoid having any outstanding balances with the Organization or with FYCMA. The assembler may go to the security personnel stationed at the loading/unloading accesses and the FYCMA staff will duly accredit them as an assembler as is necessary to present the DNI or passport of each of the workers as well as have satisfied all invoices with the Organization and FYCMA. IT IS ESSENTIAL TO WEAR APPROPRIATE FOOTWEAR OR ELSE ACCESS TO THE PREMISES WILL BE DENIED.

12.4 Rights of Admission:

The Organizer reserves the rights of admission and is able to instruct anyone whose behavior does not meet the most basic standards of conduct to leave the facilities where the Padel World Summit is held. We ask all Exhibitors to use their invitations and passes responsibly to guarantee the professional objectives of the PWS 2024. Visitors under the age of 18 will be limited to the event and must be accompanied by an adult who must be accredited as a paying visitor where the corresponding entry is appropriate.

Article 13 Risk prevention and Safety

13.1 General Information:

The use of safety footwear is compulsory and access to the facilities will be denied to those who don't wear so.

Exhibitors, assemblers, contractors, and subcontractors must comply with the current legislation on occupational risk prevention that is applicable to the work carried out where appropriate.

The Exhibitors and companies that intervene in the assembly, celebration, and disassembly of the Fair must have their staff registered with the Social Security and comply with the fiscal, labor, Social Security, regulations of the Ministry of Industry, and in Occupational Risk Prevention in force at all times.

The Exhibitors and companies who participate in the assembly and disassembly work must:

- Assume the compliance of preventive modality PRL Law 31/95 under

Article 30.

- Assume a safety report entailing the description of the work that is to be carried out, the risk assessment, and preventive measures of the activity.

- Carry a nominal list of participating workers that must be reported to the Organization as well as the data of the vehicles that will enter through the FYCMA loading dock.

- Provide protection equipment to workers as is compulsory for use during assembly and disassembly. Those who lack such equipment will be denied access to the premises.

- Immediately notify the person in charge of the Organization on the premises of accidents or incidents, which may imply any type of liability for those involved.

- Deny minors under the age of 18 from entering the exhibition area during assembly and disassembly days.

13.2 Public Order and Maximum Capacity:

The Organizer, Exhibitor, and contractors and/or sub-contractors and dependent personnel are obliged to comply with current legislation on public order and public safety. FYCMA will comply with maximum occupancy in each area varied by the types of events held, which the Organizer is aware of. This will be checked with the Organizer if deemed necessary.

13.3 Security and General Surveillance:

During the Assembly, Celebration, and Disassembly periods, the Organization is in charge of general surveillance of the Pavilion, access control, and exterior surveillance as well as general and preventive security for matters of order and fire safety or emergencies of any kind. In no such case will the Organization be responsible for the goods on display, nor for the private belongings of each Exhibitor.

FYCMA and the Organizer are not responsible for robberies or thefts of materials and objects deposited in the stands or for damages that may be suffered during the Assembly, Celebration, and Disassembly periods as well as for the goods owned by the Exhibitors, their employees, or dependents.

Each Exhibitor is responsible for the valuables and materials of their stand and must take care of them during the assembly, celebration, and disassembly period.

Valuable objects should be locked.

At the closing of the Fair, the exhibited material must be left properly packed, sealed, and labeled to prevent theft or disappearance. The Organization and FYCMA are not responsible for the material in any way.

13.4 Hiring of private security for stands:

The Exhibitor may hire surveillance for their stand and goods exhibited during the event through:

padelsummit@fycma.com

13.5 Emergency actions in FYCMA:

FYCMA provides the general surveillance of the fairgrounds in the terms of fire safety throughout the fair period. FYCMA is responsible for the management and direction of emergencies (medical-sanitary, fire, threats of any kind, and natural catastrophes) within the context of the Self-protection Plan in which governs the premises. In such situations, the Exhibitors, contractors and/or sub-

contractors, and dependent personnel are subject to the FYCMA Emergency Action Plan and, under its guidelines, must always act in coordination, collaboration, and under the supervision of the State Security Forces.

What to do in emergency cases: Inform the staff of the Organization. Do not obstruct the emergency exits, do not lose your temper, and do not spread panic.

How to evacuate the area: Walk (do not run) through the evacuation routes towards the emergency exits. Follow the instructions given by the public address system and the uniformed emergency personnel. Do not use the elevators. Stay in the assembly area indicated by evacuation personnel and await further instructions.

Immediately inform the security service (uniformed guards) of any object, situation, or detail that may be of risk to the security of the attendees or venue.

13.6 Occupancy of corridors, packaging:

The corridors act as evacuation routes and as so must remain open at all times, including during assembly and disassembly. Materials must remain within the limits of the assembly area or stand as to leave corridors and various common areas completely free. FYCMA cleaning services will remove any object deposited in these areas without the Exhibitor's right to claim damages. Nothing may be placed within the corridors and common areas during the celebration.

13.7 Fixed and mobile installations:

Access to fire-fighting materials and facilities must always be empty. This includes Equipped Fire Hydrants, (EIB) floor hydrants, fire extinguishers, alarms, water extinguishing equipment, emergency exits, etc. even when they are included within the contracted spaces as well as access to technical and service areas.

13.8 Fire prevention:

The materials used for the construction of the stand must comply with up-to-date regulations. **Materials for floor coverings must be EFL and wall and ceiling constructions must be C-s2, d0; suspended textile elements such as curtains must be class 1 in accordance with the UNE-EN 13773:2003 standard.** Likewise, the decoration elements must meet the same characteristics as the constructions. Carrying easily combustible materials or products such as straw, wood shavings, paper shavings, sawdust, peat, dry leaves, etc. is prohibited.

Article 14
Trademark Registration – Protection of industrial and intellectual property rights

14.1 Trademark:

Exhibitors must have registered, patented, or licensed products solutions exhibited during the event. If the trademark registration is pending, the Exhibitor must draft the relevant document(s) to the Organizer in which it will assume all responsibilities and consequences derived from the use of the trademark and freeing the Organizer and collaborating companies from any claims by third parties.

14.2 Protection of industrial and intellectual property rights – The Exhibitor agrees to the following:

- a) Not to showcase any products involved in an intellectual property conflict in that the verdict was ruled against the Exhibitor.
- b) Not to showcase prototypes and/or objects with brands, logos, and decorations unless the Exhibitor has obtained all intellectual property rights.

By signing the participation contract, the Exhibitor assumes all criminal and civil liability for everything exhibited at their stand and releases the Organizer from all liability in the event that third parties claim any compensation for the industrial and/or intellectual property of the products in question.

The Exhibitor assumes the responsibility of verification if their own rights are violated by other Exhibitors at the event and does not undertake the submission of any type of claim to the Organizer for damages caused by non-compliance with the provisions of this paragraph.

Article 15
Online List of Exhibitors and Promotional Material

The Organizer prepares and distributes promotional material before, during, and after. Participation in such material involves the mention of the Exhibitor and Co-Exhibitors in the online catalog which will contain the commercial information indicated in the Participation Contract.

By signing the Participation contract and the General Participation Rules, the Exhibitor gives their consent for the use of their data by the Organizer and declines all responsibility on the part of the Organizer for any omissions, errors in descriptions, or typography in the online listing(s) and other promotional or signage elements. The Organizer reserves the right to reject or modify the content

of the information provided by the Exhibitor as it deems appropriate.

Article 16
Workshops and Networking activities

The participation or organization of workshops or other promotional or networking activities by the Organizer within or outside the fair is reserved exclusively for companies/organizations and institutions that are Partners of the fair and whose presence is decided by the Organizer in individual cases.

Article 17
Exhibitor Services catalog

Once the final space has been awarded, the Exhibitor may hire additional services for their participation that are not included in the contracted participation model such as accessories for their stand, decoration, rigging, cleaning, auxiliary personal, signage, etc.

Said services can be consulted through the following mail:

padelsummit@fycma.com

Hiring deadlines

- Rigging prior to April 23, 2024.
- Catering prior to May 3, 2024.
- Signage prior to April 29, 2024
- Other services (furniture, cleaning, hostesses, internet...) before May 3, 2024.

Payment for these services must be made up to 3 days prior to the first day of assembly as an essential requirement to access the exhibition area.

The Málaga Trade Fair and Conference Center will not provide services to Exhibitors who have not previously paid the corresponding amount. Payment must be made by bank transfer and must be made prior to assembly in order to access the exhibition. Those Exhibitors who request services during the event must pay the amount for them at the time of the request. All services must be requested 15 days in advance counting the start of assembly as the first day. Supply will not be guaranteed after the provided date.

The services requested on assembly will entail a 20% surcharge. Availability is not guaranteed.

Article 18
Prohibited activities

Any activity in general that risks harm or alters the normal functioning of the event is prohibited. Likewise the following detailed activities are prohibited.

- a) Tampering with the FYCMA facilities or any structural element thereof.
- b) The use of spray paint tools inside FYCMA and on any kind of object.
- c) The use of dangerous, flammable, explosive, and unhealthy materials of any kind that give off unpleasant odors and that may cause discomfort to other Exhibitors or to the visiting public.
- d) Elements such as drilling the floors or fixing carpets or constructional elements with contact glue or similar must be fixed with double-sided adhesive tape or else fixed on the platforms installed for this purpose by the Exhibitor or, by any other means, always independent of the floor. It may be painted, set plugs or make scratches of any kind.
- e) Perforate, nail, drill or place any type of fixing to the walls, nor may it be painted, fix plugs, or make scratches of any kind.
- f) The use of balloons inflated with light gases as a decorative element of the Stands. Such use may be permitted only after consultation with the Organization and before they are anchored to a structural element of the stand or are filled with harmless heavy gases that prevent their ascent.
- g) Carry out assemblies in areas defined as corridors of the event.
- h) Direct the spotlights towards the outside of the stand.
- i) Use the service conduits of the pavilions for the passage of wiring or any other type of installation.
- j) The installation of satellite dishes or of any other type in outdoor areas or pavilion roofs. If the installation of such elements of this type is necessary, the corresponding authorization must be requested with the Exhibitor in writing to dismantle the elements once the fair is over.
- k) The distribution of flyers or advertising in corridors outside the perimeter of the stand.
- l) Any type of communication in a form and appearance may represent a direct comparison with another Exhibitor.
- m) Any type of flash lighting.
- n) Staying at the stand or in the exhibition area beyond the hours indicated by the Organizer without appropriate permission.

o) Any type of sale to the public with immediate delivery.

P) Drawing, copying, photographing, or filming objects within a stand without the written authorization of the Exhibitor.

The Organizer reserves the right to reproduce or authorize the reproduction of close-ups, external or internal, for promotional actions of the event as deemed appropriate.

The Organizer will not be held responsible for any type of unauthorized photography or filming by third parties.

The costs of repairing damages caused by assembly, installation, and disassembly are the responsibility of the Organizer, the Exhibitor, or the decorator.

Article 19
Insurance

The Organizer includes civil liability and material damage insurance in all contracted forms of participation.

Civil liability

Includes personal and material damage to third parties for which the Exhibitor may be responsible. The Exhibitor accepts a fee of 500 €.

Material damage

Includes material damage suffered by movable property, office, commercial, industrial equipment, machinery, installations, tools, work tools, molds, models, dyes and, in general, any fixed or mobile installations found at the Exhibitor's stand during the assembly, celebration, and disassembly of the event.

If material damage is suffered in such a way, the limit of compensation will be 30,000€.

The Exhibitor accepts a fee of 10% of the value of material damage with a minimum of 150€ and a maximum of 1,500€.

Basic risks covered:

Fire, lightning, explosion

1. Extension of guarantees: vandalism and/or malicious acts, impact of land and/or air vehicles.
2. Damage due to water, smoke, extinction costs, salvage and debris removal costs, sweeping costs, and mud extraction, etc.
3. Breakage of glass, windows, mirrors, and signs that are a fixed part of the insured property.

Theft is not included in this insurance and must be contracted and covered in addition if the Exhibitor deems it appropriate.

The Exhibitor must have insurance that covers accidents at work for its workers and technicians involved in assembly and disassembly where applicable.

The Organizer is not responsible for risks that Exhibitors, their employees, and technicians may suffer as a result of participation in the event as well as the facilities and products on display.

Article 20
Photography- Performances – Music and video reproduction and maximum sound levels allowed – Use of Lasers and Pulsating Lights – Food and drinks

20.1 Photography:

Products exhibited in the event must not be photographed or filmed without the authorization of the relevant Exhibitor. The Organizer reserves the right to be able to photograph or film the installations, stands, and products exhibited for eventual dissemination in the media such as websites or social networks (Facebook, LinkedIn, YouTube, Instagram, Twitter, etc.) or to its inclusion in the informative and promotional materials of the event.

20.2 Music and video reproduction and maximum sound levels:

It is vitally important to avoid and control noisy activities and demonstrations inside the stand, with the permitted limit being **73 decibels during the day (7:00 to 11:00) and 63 decibels at night.** (23:00 to 7:00) Exhibitors who wish to install sound transmitters (voice amplifiers, sound films, audio-visuals, video players, etc.) for permanent or intermittent operation must install them in conditions that do not cause discomfort. The loudspeakers cannot be installed above **1.90 meters in height** and their orientation must be towards the interior of the stand and never towards other Exhibitors or corridors. **Live music, horns, and sirens are prohibited.** If the rules are not complied with, the Organization is empowered to restrict demonstrations that do not comply with the provisions and, if necessary, suspend the electricity supply service or even close the stand. Exempt from this rule are the activities and facilities that the Organization schedules for visitors.

If the Exhibitor intends to liven up their stand by means of execution modalities or by means of a mechanical or electronic device that does not reproduce images is obliged to request from AGEDI or entity that in each case manages the rights of

public communications of the phonograms of the producers as well as the SGAE or entity that in each case manages the rights of the authors the appropriate authorizations for the public communications of the works.

In the case of screening films, the Exhibitor must request from the entity in each case that manages the rights of public communication thereof the appropriate authorization for their public communication.

Exhibiting companies who wish to present shows and carry out recreational activities accompanied by musical auditions must notify The Organization for approval without prejudice to the permits and authorizations which must be requested from the competent bodies, entities, and administrations in the matter.

The Organization is not responsible for the rights between the Exhibitor and SGAE and/or AGEDI.

20.3 Usage of Lasers and Pulsating Lights:

The legislation has established rules for the use of lasers and pulsating lights, which the Exhibitor must comply with at all times to guarantee the safety of its clients and visitors to guarantee the safety of its clients and visitors to the fair. The Organization declines any responsibility for the use and practice of these activities with the Exhibitor being solely responsible who must strictly comply with the requirements established by the competent health and industry authority.

20.4 Food and drinks:

In the event where Exhibitors offer food or drinks, they must be done so free of charge as a tasting. FYCMA has exclusivity for the catering offer at the stands.

We recommend you contact FYCMA directly for more information on hiring catering services or paying fees:

padelsummit@fycma.com

The sale of food or drinks during the event is prohibited. The Exhibitor who intends to prepare food or drink samples must notify the Organization and obtain authorization prior to the start of the event. Foods and drinks offered by the Exhibitors at their stand must be consumed within the perimeter of the stand or in the areas designated by the Organizer for tastings when applicable.

In the event where food and drinks are delivered to be consumed outside your stand, it must be communicated and approved by the management of the hall. In the case of carrying out this practice without the express consent of the Organizer, the Exhibitor will be responsible for taking charge of cleaning all food remains and disposable material generated.

Article 21
Modifications to the General Participation Rules and sanctions for non-compliance

The Organizer reserves the right to introduce new rules without prejudice to the General Participation Rules for better control and organization of the event. These new standards and provisions will replace the previous ones and therefor will represent the same obligations to expect and comply to.

In the event of non-compliance with these General Participation Rules and any subsequent modifications that may occur, the Organizer may exclude the Exhibitor from this and subsequent editions of the event as it deems appropriate.

Article 22
Force Majeure, Special Circumstances, and Disclaimer

If for any reason of fortuitous events or force majeure, including strikes, threats, or supply cuts, the Organizer must

1. Cancel the Contest
2. Cancel spaces contracted by Exhibitors or reduce their surface area
3. Modify the date of celebration
4. Suspend the event –temporarily or permanently, partially or totally-

The Organization will not return any payment to Exhibitors without entitlement to any compensation for the aforementioned concepts.

The Organization reserves the right to reduce, expand, or modify the exhibition area and activities of the event as well as postpone its assembly, celebration, and disassembly provided by which special circumstances advise it or causes of force majeure require it. Such circumstance is not sufficient grounds for Exhibitors to terminate their contract or to demand any type of compensation for damages.

In the same sense, the Organizer is not responsible in any way for the adoption of security measures in the venue regarding products that are the responsibility of the Exhibitor or of third parties authorized by so.

For all matters not covered in these General Participation Rules, the Organizer may issue the corresponding rule and the decision will be binding for all Exhibitors and imply no claim or compensation of any kind.

Article 23
Personal Data of Exhibitor

In compliance with Spain's Data Protection Act 15/1999, information and E-Commerce Services Act 34/2002 and other legal provisions, the data provided in the Contract and Participation documentation will be incorporated into a file of CIP – **Cluster Internacional del Padel** addressed at Carrer del Camp, 54 08022 Barcelona in order to manage its relationship with the Organizer. By providing this data, you expressly authorize the use thereof to carry out periodic communications, including by electronic means such as email, SMS, MMS, WhatsApp, or other communication channels, advertising material, direct sales, market studies, or actions commercial to inform about the fair activity. –activities, contents, and services- Likewise, you authorize that your professional data (company name or commercial name, postal and electronic address, telephone and fax number, and contract person) may be communicated with an obligation of confidentiality to the companies that collaborate with CID either in the organization of the event, either by providing auxiliary and value-added services to it, in order to send you information about its activities and services and attend to your requests. The rights of access, rectification, opposition, and cancellation of this data may be exercised by email to:

prensa@clusterpadel.com

Or by letter to:

CIP–Cluster Internacional del Padel S.L. Carrer del Camp, 54 Bajos 08022 Barcelona

Article 24
Acceptance Rules and Legal Regimen

By signing the Participation Contract, the Exhibitor accepts and agrees to comply with these General Participation Rules, which form an integral part of the Participation Contract for the PADEL WORLD SUMMIT 2024. This also implies the acceptance of the general rules of participation of FYCMA for all those held in its facilities.

The Parties agree that any litigation, discrepancy, question, claim, or controversy resulting from the

Article25
Shipment of Materials and Storage

FYCMA will be available to receive and maintain, in the general warehouse, the merchandise of each of the organizing and/or exhibiting companies of the event three business days before the event is held. (Friday, May 17, 2024) All merchandise received after the given date will not be held. Merchandise reception hours are Monday through Friday from 9:30 to 14:00 and from 15:00 to 17:30. For more information, contact:

padelsummit@fycma.com

Any material object remaining in the commercial exhibition area or loading and unloading area after the day agreed as the day of disassembly will be considered abandoned and worthless. Each Exhibitor must leave their excess material in their warehouse space and notify their courier company to collect them prior to May 25, 2024. The merchandise must be duly labeled both for shipment and for collection with the following data. (Materials not correctly identified will not be delivered)
